OMEGA VAC SUPREME WITH STANDARD .3 MICRON FILTER (120 V)	VACOMEGAS	\$281.50
Standard Filter 2 pack (.3 Micron Retention)	31700-2P	\$42.95

STANDARD FILTER WITH A 0.3 MICRON RETENTION - Ideal for soot, pollen, black toner and most color toner.

ESD SAFE - Conductive construction provides maximum static protection to safeguard the operator and sensitive electronic components.

SHOULDER STRAP -For Portability!

The **Omega Vac Supreme** features quiet flow-through motor and sound baffles to make it the quietest toner vacuum on the market today. It's made from a durable, high-impact Diamond ABS Polymer for more durability and longer life. It comes complete with all accessories listed above, which are statically conductive for maximum static protection, and a shoulder strap. It also features over-heat protection and field replaceable latches.
